# Art Crystal Cleaner

Премиальное средство для чистки  
хрусталя, стекла, латунных и металлических поверхностей

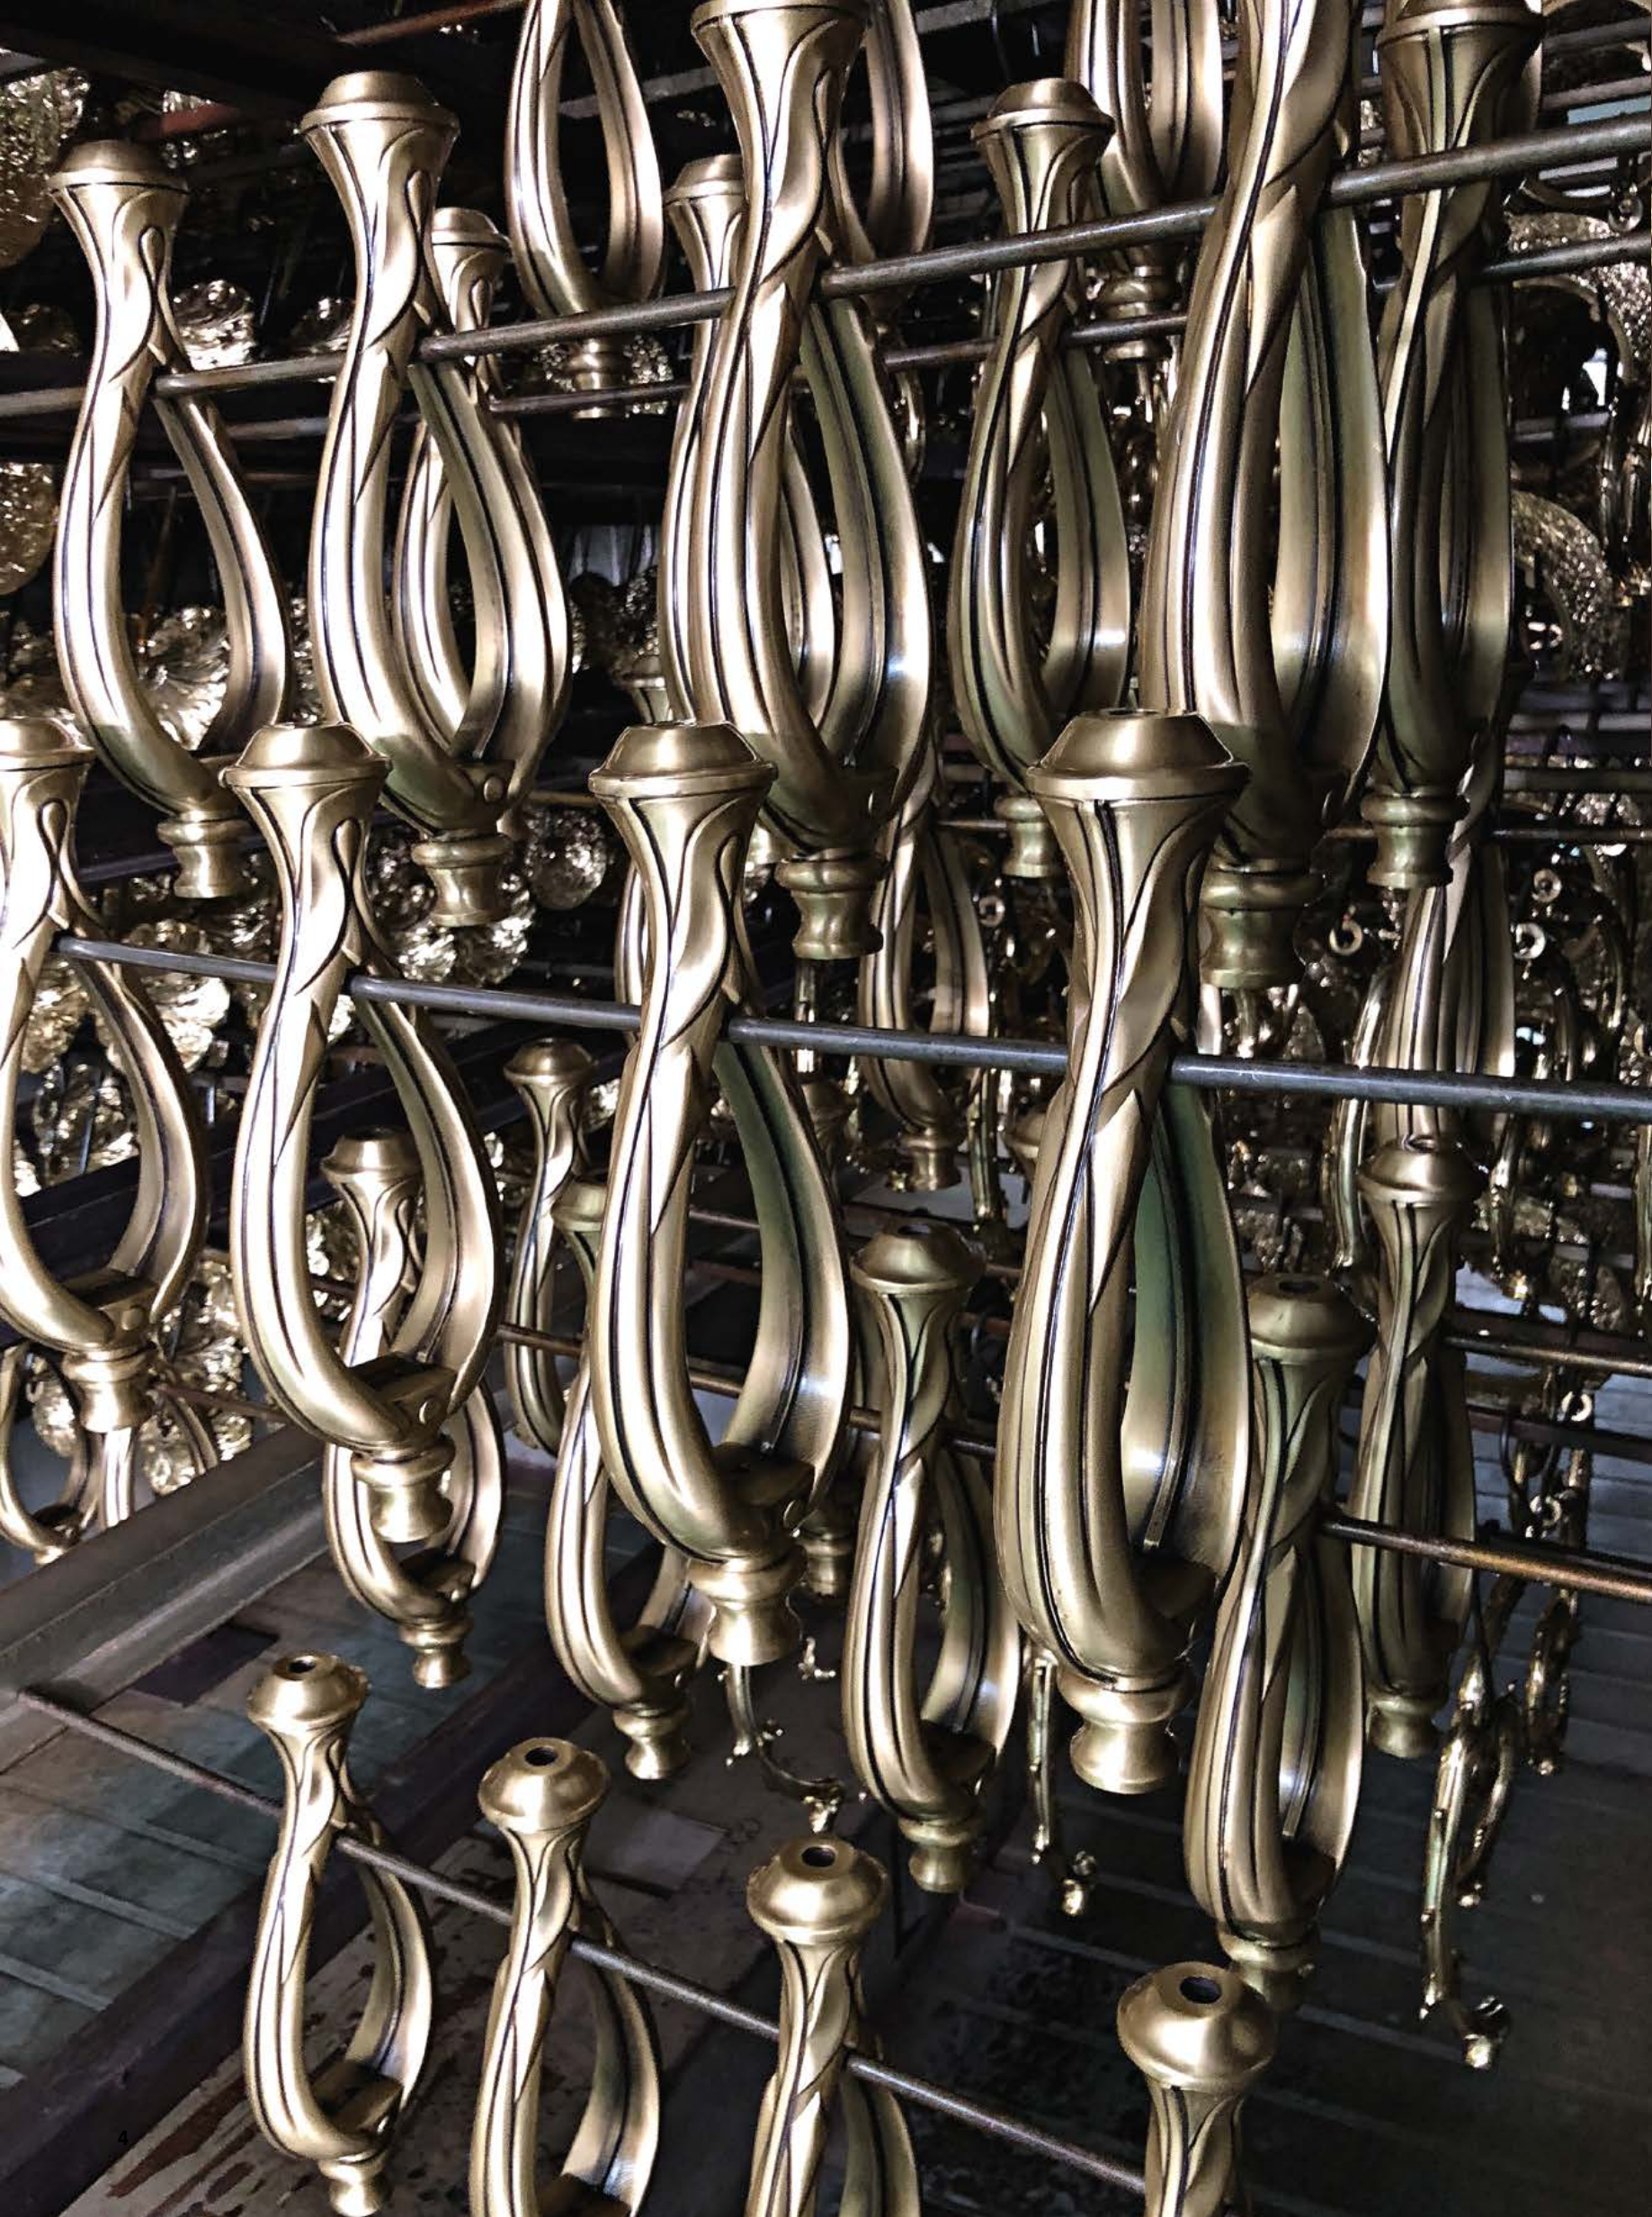

Чистящее средство *Art Crystal Cleaner* предназначено для бесконтактной очистки хрустальных люстр, богемского стекла, в том числе кристаллов «*Swarovski*», фарфора, зеркальных поверхностей и светильников из различных цветных и драгоценных металлов (латунь, бронза, алюминий, золото, серебро).

Не содержит агрессивных химических веществ, не окисляет покрытия. Деликатно удаляет с поверхностей любые бытовые загрязнения и налёт, не требуя демонтажа изделия, а также промывки или протирки его элементов. Содержит уникальный инновационный комплекс, гарантирующий экологичность и безопасность применения.

Произведено по лицензии

## BOHEMIA IVELE CRYSTAL

Итальянские люстры являются общепризнанным лидером европейского дизайна, эталоном высокого стиля и безупречного качества, именно они задают тенденции мировой моды освещения интерьеров. Бережное отношение к лучшим традициям итальянских мастеров и применение накопленного опыта, позволило воплотить в реальность идеи новой эпохи изысканного дизайна, в которых отражен неповторимый стиль каждого элемента. Понимание итальянского стиля, а также сочетание желаний и потребностей с практическим опытом и знаниями, предоставило возможность профессионалам фабрики создать уникальный продукт, обладающий неповторимым дизайном и вкусом, для людей высоко оценивающих итальянское качество и дизайн.

Ключевыми принципами работы компании является, внедрение инновационных и передовых технологий, применение современного оборудования, поиск лучших производственных материалов, тщательный контроль качества на каждом этапе производства, что позволяет выпускаемой продукции соответствовать высоким европейским стандартам качества.

В данном каталоге представлены модели светильников из латуни и бронзы, разработанные нашими дизайнерами и художниками, произведенные по итальянской технологии на собственном производстве. Изготовление сплавов по составу и своим свойствам соответствует итальянским стандартам качества литейного производства. Для изготовления плафонов используется уникальная технология двойного хрусталя с применением ручной нарезки и шлифовки граней, а также оригинальная технология производства костяного фарфора, созданного на основе костяной золы.

В любой модели из каталога Вы можете изменить цвет кристаллов или латунных деталей, увеличить или уменьшить высоту, количество рожков, а также диаметр светильника, добавить декоративные элементы и тем самым создать полностью индивидуальный и неповторимый дизайн.

Материал — латунь  
Вес — 220 г  
Диаметр — 100 мм  
Размер врезного отверстия — 80 мм  
Глубина врезного отверстия — 40 мм  
Высота внешней части — 20 мм  
Цоколь — GU 5.3  
Напряжение — 220 Вольт  
Мощность лампы — 50 Вт  
Защита от пыли и влаги — IP20  
Ламп в комплекте нет
